

Tailored for Success: Workshops and Wardrobing For Community Partners

Like a tailored suit, Working Wardrobes provides customized workshops and wardrobe experiences that compliment community partners' existing programs, empowering clients with professional attire and confidence-building skills.

Workshops

Partners can select from a menu of topics either packaged as a series or individually. Each topic includes a trained facilitator and all materials. Workshops are conducted on or off-site.

Future Ready Life Skills Series:

Designed to prepare for practical skills to succeed in a new workplace. Suited for people who have little to no work experience or have experienced large gaps of work history. *Topics include, navigating success in the workplace; harassment prevention and career exploration training.*

Success Suits YOU! Workshop Series:

A two-session series designed to define & develop a professional brand. *Topics include Power of Your Image and Shop Your Closet,* practical tools to boost confidence and enable anyone to present themselves effectively in the workplace. Often paired with our signature Professional Wardrobe experience.

Skills that Pay the Bills Workshop Series:

Designed to provide core workforce readiness skills to participants during their job search. *Topics include the ONET Interest Profiler, Building Blocks of a Resume, Interview Preparation, Mock Interview Practice, and Job Search Strategies.*

Wardrobe Services

Our Signature Wardrobe experience invites participants to select a new outfit with the assistance of a trained 'Personal Stylist' in an inviting, department store-like setting. Participants will look and feel their best, choosing an interview ready outfit so they have the confidence to succeed in their interviews and in their careers!

Community partners have the option to schedule their group for our wardrobing experience or refer their participants to receive an individual appointment. Wardrobing packages can include:

- **One Interview Outfit:** Business Professional or Business Casual
- **Capsule Wardrobing:** Business Professional or Business Casual (a combination for multiple outfits)

See inside Working Wardrobes!

All services are fee-based and sponsored by the community partner, with no cost to clients.

Tailored for Success: Sample Experiences for Community Partners

Week-long Workshop and Wardrobe Experience

This weeklong workshop series, referred to as "Career Success Week", is designed to provide participants with a comprehensive understanding of workforce readiness, paired with our Signature Wardrobing Experience. You can pick the topics that best fit the needs of your program. In this sample, a facilitator conducts the workshops at the partner's location. The wardrobe experience is held at our Wardrobe Center as a group.

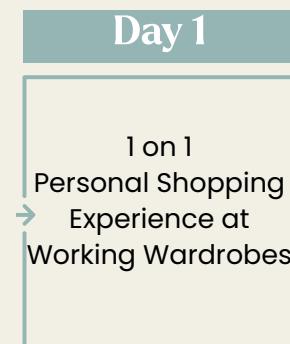

One Day Workshop and Wardrobe Experience

This experience is a popular combination for partners interested in having participants go through a workforce readiness workshop and our wardrobe experience. In this example a partner may bring up to 24 participants at a time. Groups of up to 12 participants will receive wardrobing while the other half attend the workshop, both conducted at the Working Wardrobes Career Success Center.

Wardrobe Only- Individual Referral

This experience is offered for partners looking to provide their participants with wardrobing services only. Partners set up pre-determined wardrobe packages. When needed, a participant can fill out our online intake form to request an appointment. Our Wardrobe Specialist will schedule their wardrobing experience at a convenient timeframe during business hours Monday - Friday. This on-going partnership is invoiced monthly for services rendered.
