About Working Wardrobes

Working Wardrobes has empowered more than 135,000 adults on their career journey since 1990. Serving clients overcoming life's toughest challenges – including justice involvement, homelessness, military transitions, domestic violence, and financial insecurity – we provide workforce development, career coaching, and job readiness support to help individuals achieve meaningful employment.

Our work is rooted in dignity, compassion, and opportunity. We believe every person deserves the chance to rewrite their story and step into a future of stability and self-sufficiency.

The Power Within is our signature women's luncheon and fashion show, celebrating the strength of women coming together to uplift one another. This year, we are adding a curated marketplace of mission-aligned vendors that reflect the creativity, empowerment, and community spirit behind this event.

By participating, you help create an elevated guest experience while giving back directly to the Working Wardrobes mission.
