Ryan, a Marine Corps Veteran, was referred to Working Wardrobes by his local VA. Ryan had just earned a Master of Science degree in finance. Despite his academic achievements, he was struggling to find employment. When he came to Working Wardrobes, he was living on a friend's couch.

At Working Wardrobes, Ryan's Career Navigator worked with him to create an individualized employment plan. After working with a Career Coach and receiving professional wardrobing, Ryan landed an interview and aced it! He relocated to San Francisco and secured gainful employment at a financial institution.

**“I feel like I have a renewed sense of purpose with a new career in a new city. I have a lot less uncertainty in my life now than when I started.**

*I am excited about the future for the first time in a long time.”*
